“Always ready to learn and explore”

Summary

Hey there, I am Maaz Karim, I have a great interest in learning new things. I know about Java and Python, and I am currently studying more on Machine Learning. I also have an intermediate knowledge of front-end Web Development and I am open for contributions. Whenever I am not studying you can find me playing mobile games or vibing to playlists. I am always interested in devising a better problem-solving method for challenging tasks, and learning new technologies and tools if the need arises.

Skills

Languages: Java, Python, C, C++, HTML, CSS, JavaScript

Frameworks: PyTorch, Scikit learn, Matplotlib, Swing

Tools: GitHub, Git, LaTeX, MySQL, PyTest

Platform: Windows, Linux

Honors & Awards

2022	Participant , Kharagpur Winter of Code	KOSS
2022	38th Place , CodePeak	IITG
2021	Participant , Hacktoberfest	DigitalOcean
2021	Participant , 30 Days of Google Cloud	Google Cloud
2021	1st Place , YEAH Hackathon Content Writing	Bangalore, India

Education

DSCE (Dayananda Sagar College of Engineering)

B.E. IN ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING

- Got a C.G.P.A. of 8.5 during First Year

Bangalore, India

Dec. 2020 - Present

Loyola High School

AISSCE - PCM WITH INFORMATION SCIENCE

- Got an aggregate of 90.8% in AISSCE

Patna, Bihar

Apr. 2018 - Mar. 2020

Don Bosco Academy

INDIAN CERTIFICATE OF SECONDARY EDUCATION

- Completed my academics with a score of 88.6%

Patna, Bihar

Jul. 2011 - Mar. 2018

Courses & MOOCs

Machine Learning in Python with Sci-kit Learn: Inria

Udacity AWS ML Foundations: Udacity

Coding Profiles

CodeChef: 3 Star Coder (Rating 1751)

Codeforces: Newbie (Rating 951)

Codewars: 7 kyu

Kaggle: Competitions Contributor

Projects

Grocer-Ease (Ongoing)

TECH STACK: HTML, CSS, FIGMA, JAVASCRIPT

- It is a Front-end web application used to create a e-commerce website which simplifies the process of placing orders to all kinds of people

Sentiment Analysis of Tweets

TECH STACK: PYTHON, PYTORCH, MATPLOTLIB

- Done public sentiment analysis based on twitter hashtags using BERT model on a data set of tweets taken on 14th July 2020.
- Made plots for the score vs Rank for top tweets of the data.

Library Management System

TECH STACK: JAVA, SWING, MYSQL

It is a software used to maintain all the record of library. In this a librarian can maintain books by adding it to backend or by issuing and returning books by the Student. Student can issue books through the aid of this software and can also request books if not available. It was made using Swing Framework as Frontend and MySQL in Backend.

Extracurricular Activity

Point Blank

MEMBER

- Participated in various Open Source Competitions.

Bangalore, India

Dec. 2021 - Present

GDSC (Google Developer Student Clubs)

MEMBER

- Completed 30 days of Google Cloud
- Completed labs on Machine Learning

Bangalore, India

Sept. 2021 - Present
